[   ]

* 20. If approved, you will receive access to all BizKids Future-Ready Programs to provide to your community of youth. Which programs do you plan on offering between July 1, 2025 - June 30, 2026?

Please check all that apply. If you are unsure, please provide your best estimate.

To review each program's details, you can find them here
Future-Ready Programs Available

☐ KidPreneur Accelerator - Entrepreneur Course (ages 7-13yrs)

☐ KidTalks Public Speaking Course (ages 9-13yrs)

☐ Build an Online Business - Digital Literacy Business Program (ages 9-13yrs)

☐ Kids Course Creator - Digital Literacy and Content Creation (ages 7-13 yrs)

☐ None of the above

* 21. Will your school/organization be able to launch a minimum of 2 BizKids Programs between July 1, 2025 and June 30, 2026?

○ Yes

○ No

* 22. How many students do you estimate will be able to participate in BizKids Future-Ready Programs between July 1, 2025 and June 30, 2026?

[   ]

* 23. How many Teachers/Facilitators do you anticipate will be accessing and running programs within your school/organization?
If approved, your school/organization will be provided with up to 10 user licenses and logins to BizKids HQ (the digital platform that hosts each programs curriculum, videos and tools). Additional user logins can be requested.

[   ]

* 24. Is your school/organization planning to run BizKids Programs as an After School Program?

○ Yes

○ No

○ Unsure

* 25. Is your school/organization planning to run BizKids Programs as a Summer Camp?

○ Yes

○ No

○ Unsure

* 26. Will you charge a fee to students for participating in programs? It is ok to charge a registration fee but no profit can be earned. The goal is to reduce barriers for vulnerable students by reducing or eliminating costs to participate.

○ Yes

○ No

○ Unsure

* 27. Will you open registration for BizKids Programs to the general public?

(For example, a public school would not have open registration to the public as the programs are limited to children already registered in their school. A public library or non profit organization may open registration to the public)

Note: The answer to this question will not have any impact on your application's approval. It simply allows us to let families know where BizKids Programs are publicly available for registration.

○ Yes

○ No

○ Unsure

* 28. Depending on our annual funding, we often have a limited number of physical materials (printed versions of lesson plans worksheets) available for approved organizations. If your organization is approved, all of these materials are able to be downloaded and printed from BizKids HQ, the digital platform that holds each programs resources and materials.
As we recognize that many schools have limited printing abilities, and only have photocopying available to their educators, we try to provide these physical materials to as many approved schools and organizations as possible.

To help us approve as many schools and organizations as well can, if you are approved for this grant, do you require physical materials?

○ Yes, we would require the physical materials due to printing limitations.

○ No, we can download and print off program materials for our organization.

○ We would prefer to have them but if funding is limited, we can print them off ourselves.

* 29. Please share why you would like to bring BizKids programs to your community?

* 30. I agree to complete an annual survey, provided by email from Build a Biz Kids. This survey will ask questions, such as, how many programs were run, how many students participated in each program, and general feedback on your experience with the programs, etc. (No student data is collected)

○ Agree

○ Disagree

* 31. I agree that our school/organization will not distribute or share copyright protected materials or lessons from any BizKids Licensed Programming to 3rd parties without written authorization from Build a Biz Kids.

○ Agree

○ Disagree

* 32. BizKids would love your help in deciding which programs to develop for students next. Which of the programs below would your students, parents, and educators be interested in offering?

☐ Social Media Influencer - Strong focus on Social Media Safety and harnessing it's powerful reach to positively change the world.

☐ Kids Innovation Challenge - Dive into the world of problem solving, prototyping and innovation as you create new inventions and systems to make the world a better place.

☐ Stock Market Investing - Learn how businesses are valued and how you can invest, win and lose in the stock market in this stock market simulation game

☐ Building a Business Enterprise - This Business Simulation Game/Course walks students through economic & community changes and how it can impact their business as they try to build a business empire

☐ The Game of Life - This Life Simulation Game/Course have students take on different persona's, career paths and real world decisions while navigating the unexpected impacts life can throw at us.

☐ Social Impact Revolution - Students work toward making a difference in their communities as they navigate the world of social impact. Supporting a charity, beautifying or evolving their local neighbourhoods, or creating awareness campaigns on topics that matter to them, students can learn how, at any age, you can make a positive difference in the world.

☐ Toothpick Bridge Development - Students will learn the mechanics of bridge design, as well as budgeting for materials, negotiations, trade, and economics that can impact their bridges stability, cost and completion.

☐ Copyright or Copycat? Students get to to dive into their favourite music, movies and social media influencers to preside over real copyright cases to determine, who is guilty of copyright infringement, and who is not.

☐ How Does My Brain Work? A deep dive into understanding the brain, growth mindset practices, self awareness, and personal development.

☐ Run This City - Students each take on assorted roles found in cities, such as Mayor, City Councilors, Small Business Owners, Parents, Students, and more, to understand more about city planning, governance, and collaboration.

☐ Rockstar Status! - Music Technology course that walks students through writing and producing their own music using song writing software.

☐ Other (please specify)

[   ]

☐ None of the above

* 33. By submitting this application I confirm that I have the authority to apply for grants on behalf of the applicant school/organization and agree to the conditions below;

* All information contained herein is true and accurate to the best of my knowledge;
* Should my application be approved, I agree that BizKids Practical Education ASSN can share news about this grant through their communication channels;
* As a condition of approval, I agree to complete an annual survey sharing the use and impact of programming in your community;
* By submitting this application, on behalf of my organization, I am aware that I will be receiving email notifications regarding this request and other relevant information or updates from BizKids Practical Education ASSN relating to this request.

◯ Yes, I confirm

◯ No, I do not confirm
