FAQ's

An Experience To Help
Youth Believe In
Themselves

How Long Is The Program?

13 Classes Long.

We recommend that only 1-2 classes should be taken each week. Youth typically finish the course in 4-8 weeks

What Age Is This Made For?

Recommended Age 7-15yrs

The principles of starting a business are the same for youth, and adults. This course is suitable for youth older than 15, however the materials and visuals tend to appeal to audiences 7-15yrs

What Do Youth Receive When They Complete The Course?

Graduation Certificate & Letter of Reference

Once completed, each student will receive their own Graduation Certificate for completing their program. They will also receive a Letter of Reference sharing the skills and activities they performed that they can use when applying for future jobs & other opportunities.

Will Students Lose Access After 2 Years?

No, Access Will Never Expire for a Youth Already In The Course

Once a youth registers for the course, their access will never expire. Once your 2 years of unlimited access expires, no new students will be able to register.

Is The Course Self Led or Run As a Class?

Both Options Are Available.

The program is fully video guided so youth can take the program individually as a self led course can feel supported.

It is also very successful when a group of youth, or a class of youth with a facilitator, takes the course together.

What Do Youth Need To Participate?

A Computer With Access To The Internet.

All instructional materials are on the platform and all worksheets can be completed on their computer or printed out. As this program helps them launch a real business, depending on their business ideas they will require materials to make their products.
